“It’s Mighty Morphin Voting Time”

Hernando County Supervisor of Elections and the Spring Hill Power Rangers teamed up for a voter registration drive held Thursday, August 15th, at Spring Hill Elementary School.

This was one of several back to school outreach events held this week. Students had the opportunity to vote for their favorite Power Ranger as well as their favorite ice cream. The Spring Hill Power Rangers helped students vote, posed for pictures and spoke about the importance of registering to vote.

“We’re here and we’re ready to morph voters into action,” stated the Blue Ranger, who won the popular vote and was pleased with the victory.

“I would like to thank Spring Hill Elementary Principal Terri Dewey and Mini Ferrazano, Parent Resource Coordinator for inviting us to participate in their open house. This is a great way to educate our young people about the importance of voting. By engaging the students, it allowed the opportunity to talk to their parents about registering, updating their address or signature, and ordering a vote by mail ballot. **It was a Mighty Morphin success!**” stated Shirley Anderson, SOE.
