What's shown in an online financial report?

As you know, Florida law requires that candidates and political committees file monthly reports with the Supervisor of Elections. These reports detail all contributions received and expenditures made by or on behalf of the candidate/committee. The **Voter Focus Campaign Financial Reporting** system gives campaign treasurers an easy way to complete and, optionally, file these required reports, online.

Each report generated by the **Campaign Financial Reporting** system is a PDF file that can be viewed in Adobe® Acrobat® Reader. The PDF can be printed if your county requires hard-copy filing. In counties that accept electronic filing, the PDF can be submitted online, signed by the candidate's and treasurer's electronic personal identification numbers (PINs).

Once a report is accepted by the Supervisor of Elections, it will appear on the elections website and can be viewed by the public. Along with the financial reports, you have the option of providing a short description (or "bio") of the candidate/committee and a photograph.

Here's an example of a monthly report:

First, there's a summary page

What do I need to create reports online?

- **A computer equipped with:**

- An Internet connection.
- A web browser configured to accept cookies and with pop-up blockers disabled. In this document, the examples shown use Internet Explorer.
- Adobe® Acrobat® Reader, which you will need to view and print your reports. If you don't have the Reader software on your computer, you can download it free of charge from:
 - a link in the Campaign Financial Reporting System (see page 18)
 - or
 - www.adobe.com
- A printer, if your county requires you to file a hard copy of the report or you want a hard copy of the report for your records.

- **A candidate ID and password.**

This will be provided to you by the elections office.

Candidates need a new ID each time they run for office, even when they are running for reelection to the same office. Committees also need a new ID for each election.

Committees of continuous existence typically are allowed to keep the same ID, but this varies from county to county. Some counties prefer to assign committees of continuous existence a new ID for each election.

The password can be changed after you log in, if you wish.

- **PINs for the candidate and campaign treasurer password.**

If your county permits electronic submission of financial reports, two 4-digit PINs will be provided to you by the elections office. You can change the PINs after logging in, if you wish. (See page 55 for instructions.)

Your county might have other requirements, so check with the elections office before you begin.

How do I start?

Log into the Campaign Financial Reporting system like this:

- 1 Type this web address into your browser:

`https://www.voterfocus.com/ws/WScand/candidate_pb.php?county=<county>`

replacing the text **<county>** with your county name. You can enter lowercase or uppercase letters...the letter case doesn't matter here.

For example, if your county is Holmes, you would enter:

`https://www.voterfocus.com/ws/WScand/candidate_pb.php?county=holmes`

- 2 Press the **Enter** key on your keyboard or click the "go" icon in your web browser. You'll then see the Candidate Log In page:

Candidate Log In

Important Notice Campaign finance reports must be completed and submitted (filed) through the electronic filing system not later than midnight of the day required by law therefore, and that late-filed campaign finance reports are subject to the penalties prescribed under Section 106.07(8), Florida Statutes.

Numeric Candidate ID (no leading zeros) Password

[Forgot Password?](#)

- 3 Enter your candidate ID and password here.

The password is case-sensitive. That means you have to enter the password in exactly the form given to you by the elections office: if a letter is uppercase, you must enter it in uppercase; the same goes for lowercase letters. Your password might also have numbers.

By the way...you can change your password once you get on the system. We'll explain how to do this on page 55.

- 4 Click .

What you see when you log in.

This is the main page of the Campaign Financial Reporting System. It shows the reporting periods for the campaign. We call this page the *Report List*.

Form instructions: "Enter last name or company name if a business" and "Type the purpose of the expenditure." A link to the "Campaign Treasurer Handbook" is provided.

About Petty Cash

In *Expenditure Type*, notice that there are two types for petty cash:

- Use *Petty Cash Withdrawn* when withdrawing funds from the campaign account for petty cash. This will add an expenditure of the entered amount to your report.
- Use *Petty Cash Spent* to record an expense out of petty cash.

***Petty Cash Spent* does not add an expenditure to the report because the expenditure was already recorded as *Petty Cash Withdrawn*.**

It's important to keep accurate petty-cash records so your final report will balance.

When you've completed the form, click **Submit**.

After the expenditure is saved, you'll get another blank form where you can add the next expenditure.

Click **Cancel** when you've saved the last expenditure you want to add right now.

Want to see how the report is adding up? Just do a preview.

Previewing of reports isn't required. But it's a good idea to preview the report before you submit it, to catch any data entry errors, missing transactions, or other anomalies.

You can preview a report as many times as you like, make changes, and preview it again until you are confident it is correct and complete. Then you can submit the finished report to the Supervisor. Once a report has been submitted, it cannot be changed, so you want to be sure you preview each report carefully.

Forgot to add a contribution or expenditure?
 That's OK: You can continue to add them after doing the preview.

The preview version of the report has a **DRAFT** watermark on each page.
 The elections office cannot accept a draft report. You must submit a final report.
 We'll explain how to do this on page 28.

On the Report List, notice that the **Prepare Totals** button is now labeled **Preview**.

You can click **Preview** at any time you want to look at the report. If transactions are added, the button label will switch back to **Prepare Totals**, which means you need to total the new transactions into the report before you can preview it again.

How do I record a distribution?

Distributions are not typically used by local candidates. Check with your Supervisor of Elections to determine if your campaign should record distributions.

A transaction is a distribution only if it is a:

Credit Card Payment – Linked to the expenditure that represents payment of the credit card bill on which the purchase appears. *Only statewide candidates may use this type of distribution.*

Each purchase made with the credit card will be itemized under and linked to the expenditure that represents payment of the credit card bill on which the purchase appears. The credit card may be used only for travel-related expenses.

Prepaid Distribution – Reserved for up-front, lump sum payments to be disbursed to different entities at a later date. (For example, payment to a media consultant who then makes disbursements to newspapers and television stations.) Related entries under will be reported and linked to the expenditure as they occur.

Reimbursement – Reimbursement for authorized expenses made in connection with the campaign. (For example: Candidate Smith paid for printing of campaign signs with his own money. A check to reimburse him for the cost would be recorded as a Reimbursement.)

Distributions do not add to your report totals.

They are used only to report pro-rata amounts of an already recorded expenditure to provide detail for:

- Refunds to contributors
- Donations to charitable organizations
- Contributions to political parties
- Donations to the State general revenue fund
- Return of matching funds to the State.

To record a distribution:

How do I import data from my campaign application?

Candidates or committees using campaign finance reporting software such as Campaign ToolBox™ can import contribution, expenditure, distribution, and fund-transfer data from a file created by the application directly into the Campaign Financial Reporting system.

Import File Requirements

The system can import any file that meets the Division of Elections Campaign Finance Reporting File Specifications:

[Dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/](https://dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/)

For a list of State-approved software vendors for electronic filing, see:

[Dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/vendors/](https://dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/vendors/)

When you import data from a file, the transactions are added to the report you are working in. Be sure to review the report prior to submission to verify the data matches what you intended to import, and make any adjustments manually.

Don't worry if you happen to import the same file more than once. The system will import only the transactions it doesn't already have. It won't duplicate existing transactions.

To import data for the current reporting period:

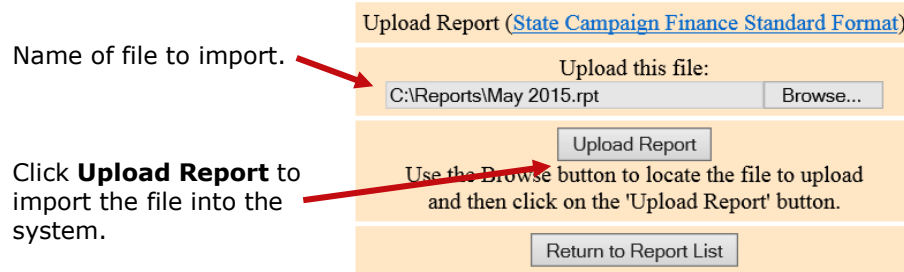

On the main page, locate the row for the current reporting period (look for the green row) and click **Import Entries**.

Current reporting period is shown in green.

Contributions from persons with protected-address status are not shown in reports. Instead, the notation *****Protected***** will be seen in place of the address. The Campaign Financial Reporting system scans the county's voter registration database for voters with protected addresses and automatically redacts those addresses from campaign reports, so they cannot be seen by the public or the Supervisor's staff. If you are aware of a contributor with a protected address who is not in your local county's voter database, please advise your Supervisor of Elections.

How do I save a copy of the report on my computer?

A copy of all the reports you file will continue to be available on the Campaign Financial Reporting system. If you want to keep a copy on your local computer, just save the PDF to a folder on your computer or network.

To save copy of the report to your computer:

Click

to display a PDF of the report in Acrobat Reader.

Click . Save the PDF to a location on your computer or network. You might consider giving the copy a different file name: names assigned by the system are cryptic.

What about changing a report that's already been filed?

After a report has been submitted to the elections office, you cannot change it, but you can make an amendment. An amendment is a separate report for the reporting period. On the amendment's first page, you'll see a checkmark in the **Amendment** box.

The **Amendment** box is automatically checked when you create an amended report.

You can amend a report any time after you submit it. When the original report's status is **Submitted**, you can add new contributions and expenditures, but you cannot change data on the original report. To change original data, the original report's status must be **Received**.

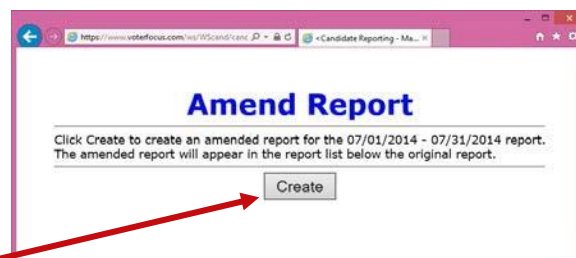

You can create an amendment to a report for any reporting period. The steps to do this are the same for all reporting periods with one exception; for past reporting periods, you must first unlock the report following the instructions beginning on page 41.

To create an amendment to a report in the current reporting period:

In the current reporting period (the green row), click

to bring up this page:

Then click .

When the Report List reappears, notice that there's now a new row for the current reporting period.

Create an amended report following the instructions beginning on page 39.

Oops! I didn't mean to create an amended report!

That sometimes happens.

If you begin creating an amended report, notice that the list of commands on the Report List includes the command [Delete Report](#). To back out of the report, first delete all the transactions you have entered for the amended report. Then, once there are no transactions for the amended report, you can click [Delete Report](#) to delete it from the system.

How to I change or delete an item on the original report?

First, verify that the status of the original report is **Received**:

2015-6 (06/01/2015 - 06/30/2015) 7/10/2015	\$450.00 (3 items)	\$1,000.00 (2 items)	Received #1088118	View Contributions	View Transfers
				View Expenditures	View Distributions
				Print	Amend
				Export CSV	

To change data that was entered on the original report, the original report's status must be **Received**.

To change a contribution or expenditure:

On the Report List, locate the row for the amended report and click [Enter Contributions](#) or [Enter Expenditures](#), depending on the type of item you want to change. In the example here, we are changing a contribution.

On the next page, click **Amend Item from Orig Report**.

To change an item, highlight it.

The following list is the list of the items on the original report that you are amending.

Select the item to amend and you will be given a screen to enter the new values for the item.

1	Barber, Anna	(2015-06-04)	\$100.00
2	Kirk, Marsha	(2015-06-02)	\$50.00

Then click **Amend Item**.

Amend Item

Highlight the item you want to change and click [Amend Item](#) to bring up the detail page for the item.

Type the changes where they are needed. If you want to delete the contribution or expenditure, simply zero-out the **Amount** field. When you've finished, click

This page shows the details for the item as they were entered into the original report.

To change an item, just make your changes in the appropriate fields.

To delete an item, type a zero (0) in the **Amount** field.

When finished, click **Submit**.

There will be two entries (in yellow) representing the changed item: one for the item as it was filed in the original report. (Notice the **Amount** column.)

- The second entry adds the item with the changed values. (Its **Amend** column says **Add**.)

Deletes the original item.

Adds the changed item in its place.

In the example here, we changed the contribution amount from \$100.00 to \$200.00 and added the contributor's occupation, as required by law for contributions over \$100.

This completes the change to the original item. From here you can change another item, add a new item, or return to the Report List.

What if I don't have any contributions or expenditures for the period?

You must submit a **Waiver of Report**.

How do I export data to a spreadsheet?

The system has two ways to export your financial data to a Microsoft Excel comma-separated values (.CSV) file:

collects all data for the selected report.

collects all data from all reports in this election.

Both options create a file named **CFinExport.csv** in your C:\Temp folder.

When you click either button, you'll see a message asking if you want to open or save the file. You can view the file immediately or save it to a different name and location, if you like.

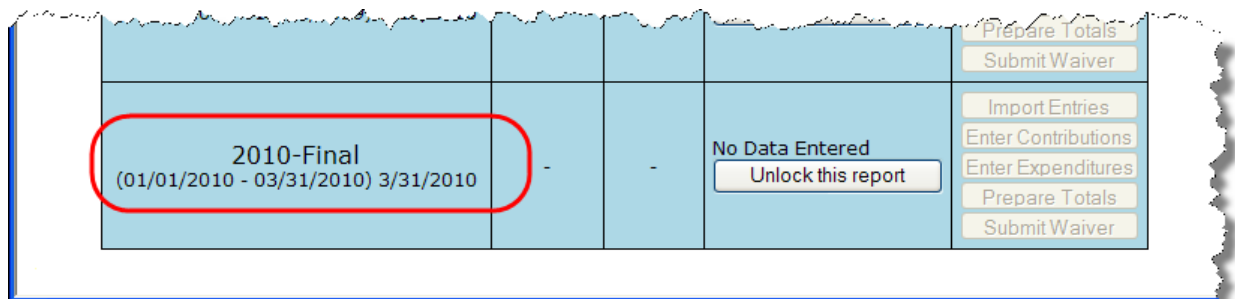

The spreadsheet file contains this information:

- Date the item was recorded
- Whether it's a contribution (C) or an expenditure (E)
- Contributor or vendor name and address
- Contribution type
- Contributor's occupation
- Item type
- Description
- Amount
- Whether the item was recorded in the original report (blank) or an amendment (A)

What reporting is required at campaign end?

On the Report List, you will see a section for the termination report, which is the absolute last report that will be submitted by your campaign. This report states the financial status of your campaign after all contributions and expenditures have been reconciled. It also should also show how any surplus funds were disposed of.

The termination report might not appear in the Report List at the beginning of the campaign, but the elections office will add it to your reporting dates at the appropriate time. Note that it might not be named *Termination Report*. The elections office can give it any name, such as *2012-Final*, like the example here.

				Prepare Totals Submit Waiver
				Import Entries Enter Contributions Enter Expenditures Prepare Totals Submit Waiver
	2010-Final (01/01/2010 - 03/31/2010) 3/31/2010	-	No Data Entered Unlock this report	

When it's time to file the termination report, its row will turn green.

To file this report, you will need to add any outstanding contributions and expenditures that haven't been reported in an earlier report.

If surplus funds remain in the campaign account, the termination report should include an expenditure that disposes of those excess funds. When you enter this expenditure, be sure to select **Disposition of Funds** for the **Expenditure type**.

To report on the disposition of surplus funds, select **Disposition of Funds** in the **Expenditure type** field.

Campaigns sometimes confuse **Disposition of Funds** and **Enter Distributions**. Remember that **Disposition of Funds** is a type of **expenditure**, whereas a distribution is a type of transaction referring back to a previously recorded expense.

When you return to the list of expenditures for the termination report, you will see the item listed, but the amount will not be reflected in the total expenditures for the period. Nor will the amount be included on the Report List – in the **Total Exp** column – although it will be counted as an “item.” This design is in accordance with Division of Elections requirements.

The screenshot shows a report summary for the period 01/01/2010 - 03/31/2010. The total amount is \$0.00 for 1 item. The status is "Not Filed Data Entry Started" with an "Unlock this report" button. On the right, there are buttons for "Import Entries", "Enter Contributions", "Enter Expenditures", "Prepare Totals", "Submit", and "Export CSV".

Preview the report and submit it as you have previous reports for the campaign. When you look at the report, notice that the Disposition of Funds amount is not reflected in box 7 of the Report Summary page.

Box (7) EXPENDITURES THIS REPORT shows the following amounts:

Monetary Expenditures	\$	0.00
Transfers to Office Account	\$	0.00
Total Monetary	\$	0.00

Box (8) Other Distributions is also visible below.

But the amount will be included in box 10 of the Summary Report.

Box (10) TOTAL Monetary Expenditures To Date shows a total of \$1,809.78.
